

Attention OB Patients!

The Women's Healthcare Group charges a **\$10.00 flat fee** for completion of all disability and FMLA forms for patients. If forms need to be completed for other family members, a separate \$10.00 fee per person will be charged.

All paperwork should be brought to the office by the patient on or after the 22nd week of pregnancy, and **must be pre-paid**. If we receive a form from your insurance company requiring a physician's statement of disability for any length of time, your account will be charged \$10.00.

Length of maternity leave: Pending any unforeseen complications with your delivery, you will be released from your post partum care at your 6 week visit **whether you've had a vaginal delivery or a C-section**. We will complete all forms using the 6 week date if there are no known complications. If your employer allows more time off for C-sections without the need for additional clinical documentation, we will grant additional time provided that we receive a copy of the written policy or a written statement from the employer prior to completion of the form(s).

Please be advised that all forms completed by this office have a **7 business day turn-around** unless an emergency situation occurs.

Direct any questions to (717) 845-1621.
